

**MILLET PILOT CROP INSURANCE PROVISIONS
DISCLAIMER**

YOU MUST UNDERSTAND THE FOLLOWING:

- o IF YOU HAVE A LOSS ANY TIME DURING THE CROP YEAR BEFORE HARVEST, THE PRODUCTION TO COUNT WILL NOT BE LESS THAN THIRTY PERCENT (30%) OF THE PER ACRE PRODUCTION GUARANTEE FOR ANY UNHARVESTED ACREAGE.
- o ACREAGE OF THE CROP THAT HAS BEEN SWATHED, BUT HAS NOT YET BEEN COMBINED OR THRESHED, IS CONSIDERED UNHARVESTED.

I understand the terms of the Basic Provisions and the Millet Pilot Crop Insurance Provisions. I am aware that if I have a loss any time during the insurance period before harvest, the production to count will be at least thirty percent (30%) of the per acre production guarantee for any unharvested acreage. I understand that if the acreage has been swathed but has not yet been combined or threshed, it will be considered unharvested.
